

## Proposal-based Internship, 2014

### 【Objective】

HIGO Program aims to nurture “Young researchers with state-of-the-art knowledge of Medical sciences, Pharmaceutical Sciences, Social and Cultural Sciences, who deeply understand global society’s structure and industry’s needs, and can tackle with the specific issues”. To achieve its goal, students should reinforce the learnt expertise through in-situ practices, gain pragmatic capability, and accumulate awareness and experiences to refine their sense of responsibility and vocation.

The objective of HIGO Internship is to attain thorough comprehension of the society, vocation and operation through exposure to on-site reality. HIGO Program has implemented orderly arranged internships classified as Administrative, Business and Overseas Internship. However, to respect each student’s future prospect, we approve the internships that suit your interest and goal, as “Proposal-based Internship”.

### 【Outline】

The candidate Internships should be self-designed and self-organized with adequate quality in Administrative, Business and Overseas spheres, and be assessed in accordance with its duration. (Group 1 Short Internship: 2 weeks or shorter Group2 Long Internship: longer than 2 weeks up to 3months) Each will be judged by its substantiality.

As far as it leads to your future goal, it can be applied to the assessment for support.

### 【When to Propose】

The First Semester : May 20th Tue. 2014 ~ June 6th Fri. 2014

The Second Semester : Sep. 8th Mon. 2014 ~ Sep. 30th Fri. 2014

### 【Application should be submitted to】

HIGO Program Office (Advanced Research/Education Promotion Division, Kumamoto University)

### 【Process towards Approval】

Candidates will be through assessment of application forms and documents submitted within the set period (Primary Selection) and presentation (Second Selection).

### 【Number of Acceptable Applicants】

Some qualified would be approved for both Short and Long Internship

### 【Qualification】

Students who belong to the HIGO program of the Master and doctoral courses of Kumamoto University Graduate School of Medical Sciences and Graduate School of Pharmaceutical Sciences

### 【Supportive Bounty Amount】

Supportive amount will be judged by the adequacy. The bounty will be paid only after the completion of the internship program participation.

### 【Credit】

One credit will be given to the Proposal-based Internship
